CLEOPATRA  
INFRA-RED CHAISE LOUNGE

PROFESSIONAL

The perfect integration of elegance and wellbeing

## CLEOPATRA: The Designer Masterpiece of Luxury Heated Loungers

# Cleopatra Infra-Red Chaise Lounge

Discover the world's most elegant expression of "thermotherapy".  
Natural Infrared Energy embodied in an artisan, marble sculpture.

Winner of the prestigious European Health & Spa Award in the category:  
**BEST TECHNICAL SPA INNOVATION**

Enhance the ambience of your spa or wellness center and create an everlasting impression of luxury and well-being with our elegant, hand crafted, infrared marble chaise-lounge.

Relax – Repair – Renew—Detoxify—these are the possibilities we offer your guests.

Our infrared heated, chaise lounges are masterpieces of design, combining the tradition of Italian craftsmanship with the reliability of German engineering.

Lie back on our infrared-heated, ergonomically perfect, natural stone chaise lounge and feel your body's tension melt away. Unlike other "heat" therapies infrared heat penetrates below the skin's surface, providing unprecedented health benefits and a profound sense of deep relaxation. Infrared heat is completely safe—hospitals use infrared heat to warm premature babies.

#### HOW IT WORKS

Infrared therapy enhances well-being by:

- Promoting deep relaxation and stress reduction
- Improving detoxification—Sweat produced by infrared heat contains approximately 20% toxins compared to 3% with sweat produced by exercise or other heat therapies.
- Providing Immune system support—It stimulates the production of blood cells that help the body fight viruses and infections.
- Accelerating recovery from injuries—Infrared heat helps to release enzymes in the body that increase the elimination of damaged tissues.
- Easing joint pain and stiffness—infrared heat penetrates deeply into the muscular and skeletal system providing prompt pain relief and greater joint mobility.
- Improving blood circulation and helping to lower blood pressure. (According to "Canadian Family Physician", infrared treatment can offer relief from chronic fatigue syndrome and congestive heart failure.)
- Aiding in weight control/management—it mildly accelerates the burning of calories.
- Rejuvenating your skin—Infrared waves help stimulate the production of collagen and increase skin regeneration, improving the skin's tone, texture and elasticity.

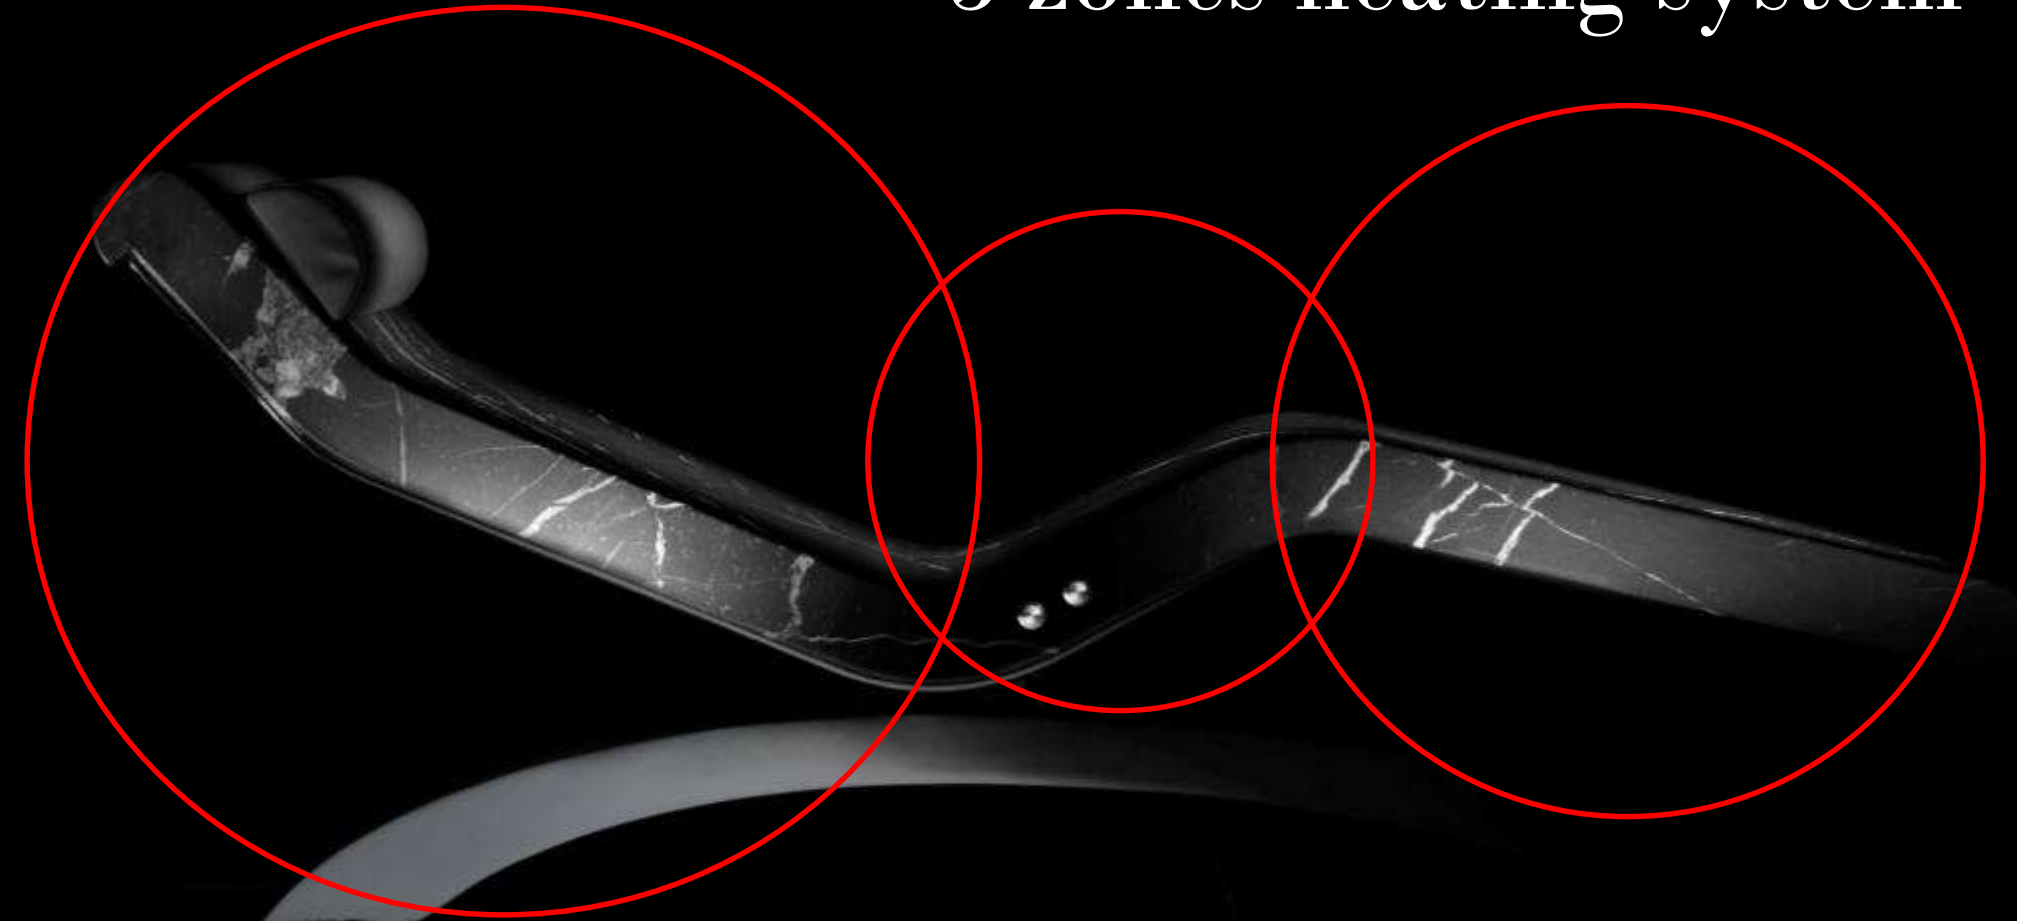

Your guest's overall spa experience will be enriched, their health enhanced and their body rejuvenated with our unique infrared chaise lounge.

3 zones heating system

Comfort without compromise. Each Cleopatra Hot Stone Chaise Lounge is equipped (on demand) with a thermostat switch system that allows you to adjust the heat of 3 independent zones—legs, hips, back—to maximize your comfort and individualize your treatment. The 3- zone heating system upgrade is specifically designed to satisfy your unique needs be they personal or medical.

Our lounges can be used as valuable adjuncts to your spa’s existing treatments or as a stand-alone treatment for a variety of health conditions. They heighten and improve the effects of facials, body wraps, reflexology treatments and more. In addition, infrared treatment can be the sole treatment to alleviate numerous health conditions. Emerging science is providing clinical evidence to suggest far infrared therapy has a variety of applications.

# Inclination

There is elegance of movement and perfection in the details. A simple pressure on the button and the sculpture swings. An infinite variable control switch allows you to find the optimum comfort for unparalleled relaxation. A sensation that only Classico can provide - a result no one has achieved before.

Imagine the ultimate in relaxation and stress reduction gracing the privacy of an elegant hotel suite, relaxation room or the cocooning ambience of a hushed treatment room---this is the promise that awaits your guests with our beautiful chaise lounge. Does your Spa have a glorious natural setting? Picture looking out over a scenic vista---luxuriating in the outdoors whilst enveloped in the radiant warmth of infrared heat---this is what we can help you offer your discerning clientele.

Your SPA, an exclusive atmosphere, infused with elegance—this is the impression you can achieve with the added luxury of our Infrared Chaise Lounge. The silky smooth natural stone surface caresses and soothes the skin, while pleasant warmth penetrates the body delivering unsurpassed relaxation.

Create an experience that will linger in your guest's memory.

# Colour collection

An elegant color selection for our Chaise Lounge accessories.

Skai leather headrests and a choice of metallic paints for the base allow for a perfect integration with your personal décor.

## DIVA Collection

Sinuous curves, captivating lines, hand crafted marble, embodied within a fiberglass frame painted with exclusive metallic lacquers---this is the "Diva" model Lounge. Diva is an exquisite piece of art that blends bold design with innovative engineering. The new fiberglass frame that embodies the marble sculpture enhances the elegance of the lounge while offering it durable protection and a quality of dignified uniqueness. Furthermore, The Diva maintains Cleopatra's Far-Infrared heating system with all its benefits and functionalities.

# CLASSICO

## Technical Drawings

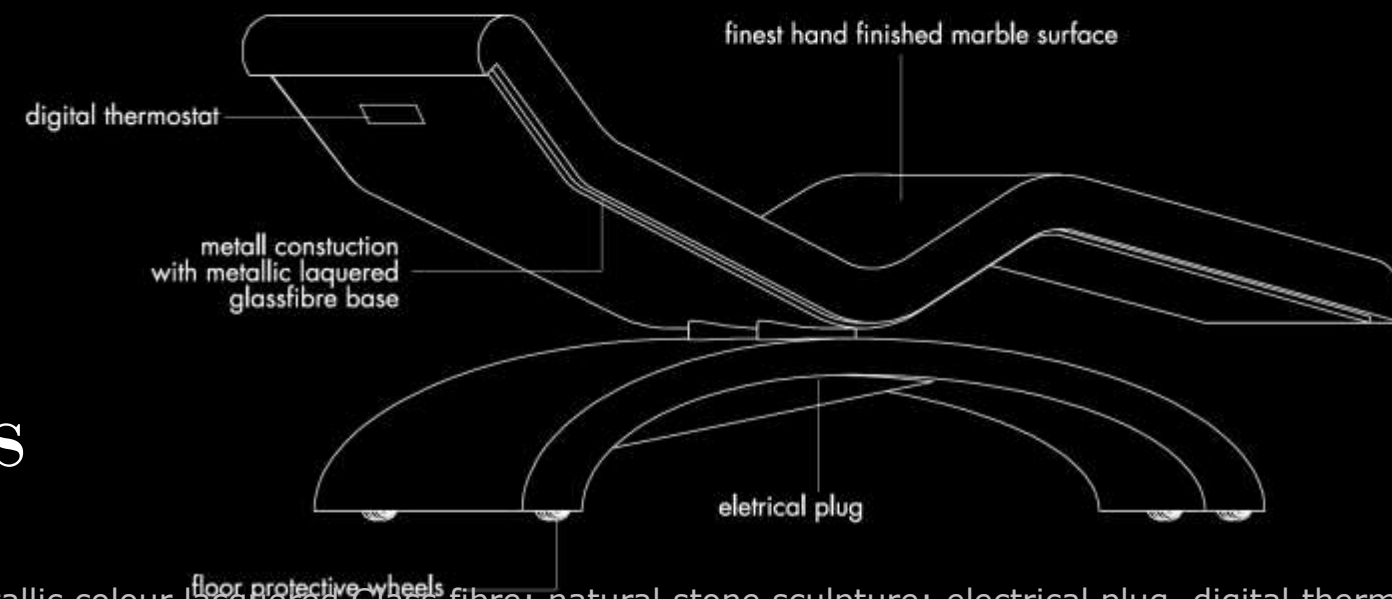

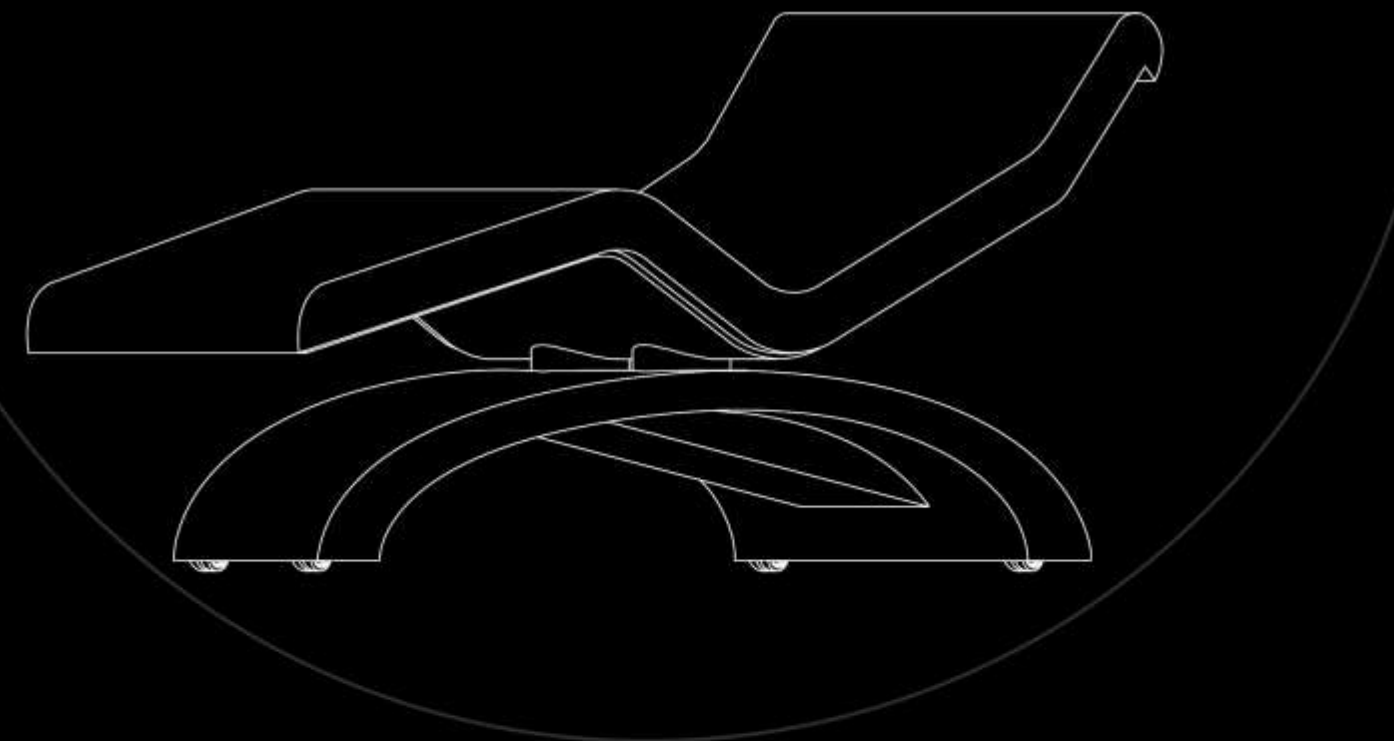

The model "Classico" is unique in its structure combining both design and technology. With its adjustable tilt angle it offers optimum relaxation and a zero gravity effect. Its precise ergonomics and its characteristic versatility make "Classico" the perfect choice for in-home or professional use.

- Weight: DIVA 190Kg; Cleopatra 235Kg;
- Dimension: 1930mm x 680mm x 835mm
- Hidden thermostat control: Up to 104°F
- 30 minutes to achieve set temperature

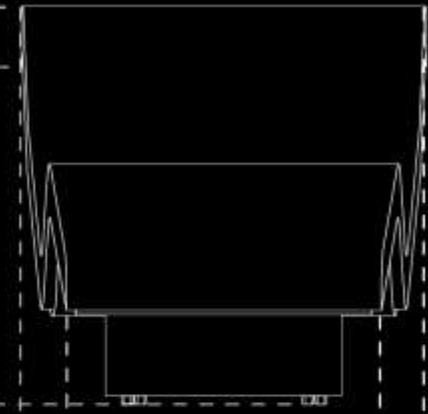

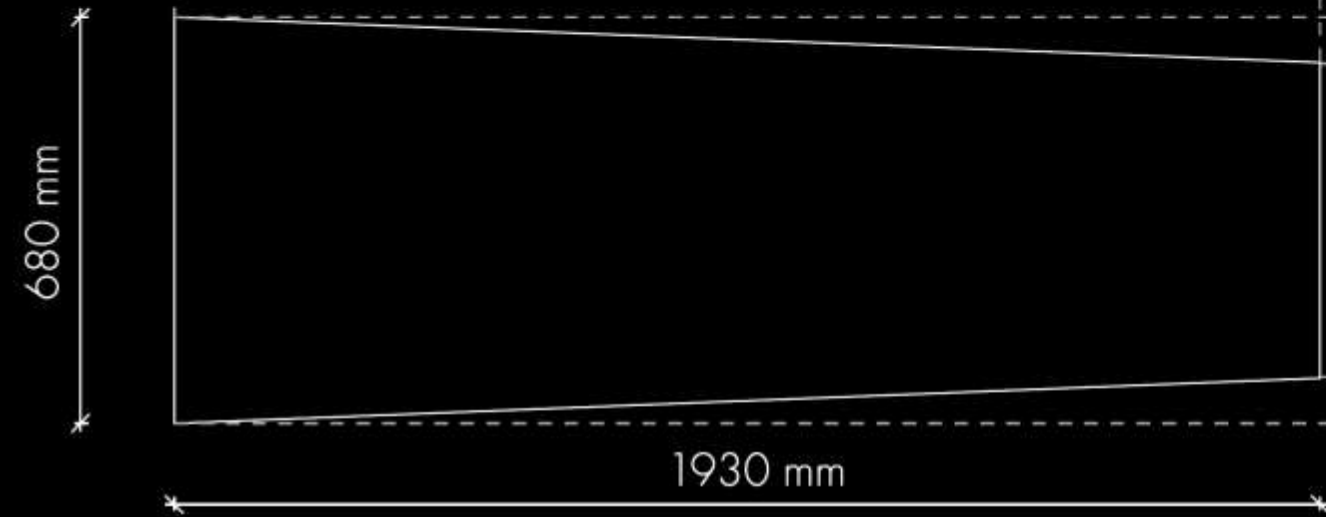

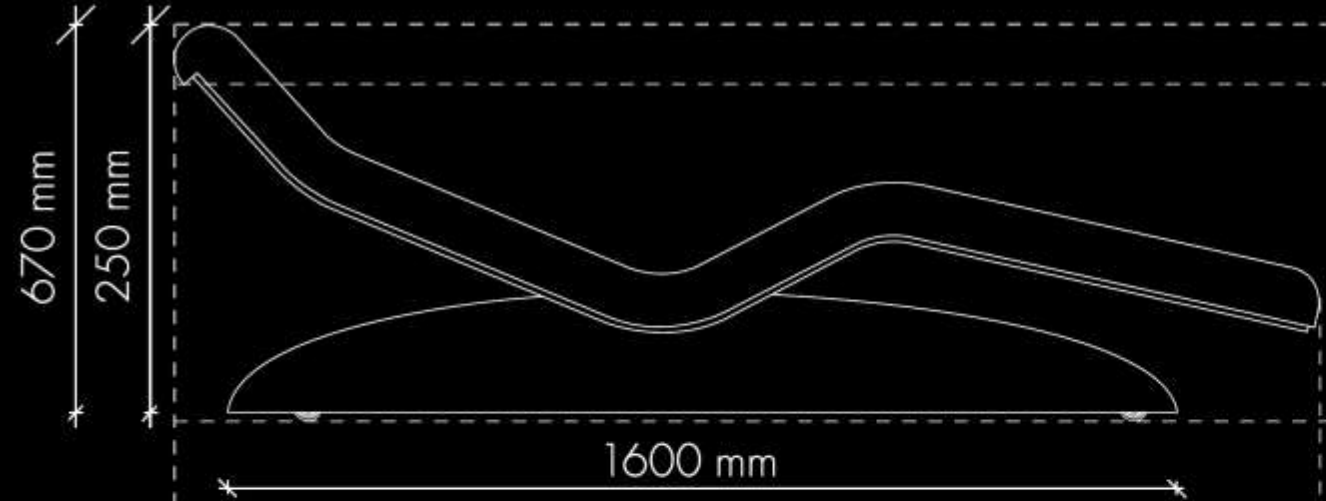

### UPGRADE POSSIBILITIES

- Three zone heating system
- Adjustable tilt angle
- Genuine leather cover base

Waterproof metal construction; metallic colour lacquered Glass fibre; natural stone sculpture; electrical plug, digital thermostat; floor protecting wheels

The graceful design of Cleopatra "Classico" is repeated in Cleopatra "Moderno". The simplified, low profile design and elegant curves of the base will fit perfectly in any surrounding. Unlike the model Classico, Moderno is not available in the reclining position. It is therefore suitable in situations where "relaxation" is the primary focus of treatment.

- Weight: DIVA 135Kg; Cleopatra 165Kg;
- Dimension: 1930mm x 680mm x 835mm
- Hidden thermostat control: Up to 104°F
- 30 minutes to achieve set temperature

- UPGRADE POSSIBILITIES
- Three zone heating system
  - Genuine leather cover base

# MODERNO

## Technical Drawings

Waterproof metal construction; metallic colour lacquered Glass fibre; natural stone sculpture; electrical plug, digital thermostat; floor protecting wheels

Minimalistic, contemporary design embodied in the same exquisite sculpture found in Cleopatra and Diva, this is the appeal of the "Basico" model. Basico is the choice for purists who understand that essentials are sometimes enough to enhance and reflect the aesthetics of a peaceful sanctuary. An optional wooden base underlines its purist elegance making it the perfect choice to enrich pool or Spa surroundings.

- Weight: DIVA 95Kg; Cleopatra 120Kg;
- Dimension: 1930mm x 680mm x 540mm
- Hidden thermostat control: Up to 104°F
- 30 minutes to achieve set temperature

#### UPGRADE POSSIBILITIES

- Three zone heating system
- Genuine leather cover base
- Wood covered base
